Eagle Precision Consultancy - Raising the Standard in Health Care Education.

## Specialised Courses

### Implementing a Health and Safety Management System

Designed for aged care and similar healthcare environments, this session includes risk management education and is perfect for your annual health and safety training needs.

### Cultural Safety & Tikanga Guidelines

Learn how to incorporate cultural considerations into everyday care, ensuring your team aligns with best practices in New Zealand healthcare.

### Emergency First Aid - Tailored to Your Environment

Empower your team with essential first aid skills, customised to suit your specific workplace. Ideal for aged care and healthcare settings, this course is \$90.00 per person (minimum 5 participants). Receive a 10% discount for groups of 10-15 participants.

### Building Our Future Leaders

This intensive 2-day clinical leadership course equips participants with advanced skills to lead teams effectively in healthcare settings. Designed for aspiring and current leaders, pricing is available on request.

### Administration in Healthcare

A specialised 1-day course for healthcare administrators, focusing on key areas such as pre-admissions, documentation, privacy and confidentiality, the code of rights, AI in administration and first aid. Pricing and course details are available on request—see our separate brochure for more information.

*Specialized Course Cost: \$500.00 + GST (Maximum 15 participants)*
